To Whom It May Concern:

I have known Mei-Yin Teo for the past three years while she worked as a copywriter for Guidant on a project basis. I have been consistently impressed by Mei's attitude towards her work and her performance. Her interpersonal and communication skills have allowed her to develop productive working relationships with our internal and external partners. She is focused, flexible and motivated to take on any project.

Mei has worked on some significant projects with us including producing copy for the Institute for Therapy Advancement's global brochure and course outline manual. In all cases Mei has proved that she has the listening and interviewing skills necessary to extract information from our doctors and employees throughout Europe and communicate it in a manner that is accessible for all audiences.

Mei possesses excellent writing skills, which have enabled her to take technical information and write it in a style that is comprehensible, professional and targeted to our readers. In addition to this, she is reliable always sending her work on time, adaptable and available for meetings, able to stay calm under pressure and easy to work with.

I recommend without reservation Mei for any position or endeavour that she may seek to pursue. If you have any questions with regard to her background or qualifications, please do not hesitate to contact me at + 32 473 83 45 59.

Sincerely,

Nico Uwents
